## **Brown Machine Forms Cut Sheet Thermoforming Alliance with Foxmor Group**

**Beaverton, MI** – Brown Machine LLC has contracted The Foxmor Group to expand its sales of cut sheet thermoforming equipment. This alliance was developed to offer and focus Brown Machine’s equipment in markets not traditionally served by Brown. The alliance offers dedicated specialized services for cut sheet users, as well as to provide what is believed to be the industry’s broadest array of solutions for increasing productivity and profitability.

“We’re very excited about this affiliation with Foxmor because we clearly recognize these expanded services will benefit cut sheet thermoformers of all types and sizes,” said Dick Lacana, Brown Machine president.

Brown Machine, long recognized globally as one of the top thermoforming equipment designers and manufacturers believes this alliance not only gives them greatly expanded marketing coverage, it will also provides customers and prospects with enhanced technical contact and increased developmental efficiencies.

Foxmor, formed in 1998, offers a full range of services including a complete complement of manufacturing and marketing consulting services.

“In addition to all the cut sheet services we’ll be performing for Brown Machine’s customers and prospects, we also offer a full range of pellet-to-product capabilities and this affiliation is a very strategic fit for cut sheet thermoformers,” stated Roger Fox, Foxmor’s co-founder.

Foxmor offers a complete line of equipment, including heavy gauge tooling, mold-temp controllers (with complete water systems), extruders, grinders, shredders, robotics and band saws to serve total industry needs.

As a world leader in thermoforming solutions, Brown Machine designs, engineers and manufacturers continuous and sheet-fed thermoformers, trim presses, as well as tooling and related components. Brown Machine pioneered and continues to lead the industry in conventional cut sheet, high-pressure and twin-sheet thermoforming process technology, and provides specialty systems for such applications as automotive, appliance and industrial market segments.

Through it's strategic partnership with Foxmor, Brown can service the complete spectrum of cut sheet thermoformers. Brown Machine provides 24-hour on-call support for parts and service for all its machines and systems.

"The Brown Machine / Foxmor alliance combines world-class technologies through production start-ups with all the process and systems planning services required to ensure great success," Lacana says. "Our combined team is a unique blend of highly experienced machinery professionals working in finely tuned concert to offer sales and service solutions to our customers. Our customers now have the best of all worlds."
