

T-Series L-Model Trim Presses

Photo shown may include optional items

Servo Flex Feed/ Quick Changeover

Servo Ejector/ Product Counter

High-Speed Counter Balance

New Design Faster, Easier

A complete range of trim presses for use with high-speed continuous thermoforming equipment is offered by Brown Machine. Each trim press is designed, engineered, and built for maximum durability and service life. T-Series Trim Presses offer:

- New L-Type Linear Ball Guiding System for precision alignment of platens.
- No more rocking platens due to offset tool loads
- T-Series design also permits side-loading of tool package
- Extended die life
- Tooling changeover time is dramatically reduced
- Simple maintenance
- Easily adjustable sheet guides

Safety Features

- Guards. Designed to provide high visibility and easy access for operator safety.
- Interlocks. Electrical interlocks are standard on moving guards or areas requiring frequent access.
- Safety Tags. Bilingual with pictographic tags are standard.
- Main Electrical Disconnect. Has Padlock.
- Stop Buttons. Large red palm stop buttons are standard.
- When depressed, they lock in the off position and must be pulled up and rotated back into a reset position.
- All safety features should be in place and functional at all times.

T-Series Options

- Forward/Reverse Trim
- Canopy Guides for 10 Parts
- Canopy Nip Feed
- Servo Ejector with High-Speed Counter
- Product Handling
- Multi-Row Trim Parts Tray
- Parts Tray Dividers
- Aluminum Sheet Guides (hard anodized)
- Aluminum Sheet Guides with Nylon Face
- Nip Wheels Servo Feed
- Servo Flex Feed
- High-Speed Platen Motion Counterbalance
- Multiple Speed Gear Boxes
- Granulator Controls
- Quick Tool Change Package
- Caster Mounted Frame
- Blower for Chip Removal
- Catwalk
- 20 Window in Stationary Platen
- CE & CSA Approved
- Custom Platen Configuration and Strokes
- UL / CE / CSA / HSE Approval Available
- International Voltages Available
- Spare Parts Kits
- Start-Up and Training
- Custom Options

Leadership Through Innovation, Quality and Service

Brown Machine has earned a reputation for providing the most innovative, durable and dependable plastics equipment in the industry. With engineering and manufacturing capabilities in Beaverton, Michigan, Brown provides equipment, tooling and services to produce a wide range of thermoformed products in the following markets:

- Disposable Cup
- Food Packaging
- Housing
- Point-of-Purchase Packaging
- Material Handling
- Horticultural
- Automotive
- Lid and Plate
- Recreational Equipment
- Appliance

Today our equipment is producing products from a wide range of materials including:

- Polystyrene
- Polyethylene
- PVC
- Composites
- Polypropylene
- EPS Foam
- TPO
- Acrylic
- APET
- ABS
- Barrier Materials

Globally, Brown Machine totally supports its growing capital equipment business with a full complement of:

- Retrofit Kits
- Service: 24-7
- Remanufacturing
- Parts: 24-7

Continuous Thermoformers

Cut Sheet Thermoformers

Horizontal & Vertical Trim Presses

Lip Rolling Systems

Machines for Custom Applications
